GRADUATE & POSTDOCTORAL STUDIES
I am delighted that you have taken a moment to explore graduate studies at the University of Guelph. As you will see in these pages, we offer over 100 graduate programs across the University’s seven colleges through which you can work with internationally recognized faculty to prepare yourself for academic and professional careers, and, within our thesis-based programs, advance knowledge for the benefit of all.

Graduate studies are special. As compared to your undergraduate studies, most graduate programs require you to take ownership of your studies be it in defining a pertinent research question, completing a workshop to add a complementary professional skill to your repertoire, completing an industry internship, or co-authoring an academic paper for Nature or Science. Further, your studies will involve more than textbook learning and lecture halls. Our graduate students commonly work in research labs, complete studio art, guide undergraduate labs or seminars, and undertake field work in sometimes exotic places.

Indeed, this picture was taken by one of my own graduate students on the Monarch Mountain Trail outside Atlin, BC. I was there to set her up for a field season working with the Taku River Tlingit First Nation. Most of the time, I wear a suit and sit in meetings. Graduate studies can take you away from all that.

WHAT PATH WILL YOU TAKE?

Dr. Ben Bradshaw
Assistant Vice-President
(Graduate Studies)
U of G Scholarships and Funding

graduatestudies.uoguelph.ca/current/funding

Each year, the University of Guelph invests millions of dollars into thesis-based graduate students and the research they are pursuing. The University wants to ensure that these students can dedicate themselves to the successful completion of their graduate programs. Funding packages for eligible students are determined within their graduate departments, with some departments routinely committing to $24,000 per year for three or four years for PhD students and others offering packages closer to the institutional minimum of $21,000 per year. Packages may be made up of a number of components, such as:

- Graduate Teaching Assistantships (GTAs);
- Graduate Research Assistantships (GRAs)/Graduate Service Assistantships (GSA's); and
- Scholarships (external and/or internal).

Ultimately, the amount of funding secured by graduate students is commonly higher than the amounts committed to in their offers of admission, as there are many opportunities for additional awards, research stipends and employment income.

In 2018/19, graduate students at the University of Guelph secured $19.9 million in scholarships and bursaries, including $4.8M from external agencies. In addition, the University provided $33.5 million to Graduate students in the form of GTAs, GRAs and GSAs, bringing total graduate student support in 2018/19 to $53.4M.

Looking for an Advisor?

Visit the department websites and contact the faculty member(s) you are interested in working with directly. They are interested in knowing more about what research you want to do, why you want to work with them and if you have applied to or received any scholarships.

Our graduate faculty are leading global researchers and scholars who are continually working to improve life. Take a look at our Spotlight on Faculty page to learn more about their work:

Achieving Your Goals

Graduate studies at the University of Guelph offers the opportunity to study and conduct research across various disciplines. With access to professors and professionals from a variety of programs, a graduate program can be tailored to your specific research interests.

Student-focused

Graduate students will have the opportunity to work closely with faculty members who are committed to the development of their students as future researchers, educators and practitioners.

Here are a few scholarships unique to U of G:

- Aboriginal Graduate Scholarships
  Total Value: Master’s - $30,000; Doctoral - $120,000

- Arrell Graduate Scholarships
  Total Value: Master’s - $100,000; Doctoral - $200,000

- Brock Doctoral Scholarship
  Total Value: $150,000

- Dairy Farmers of Ontario Research Scholarship
  Total Value: $105,000

- International Doctoral Scholarships
  Total Value: $50,000

Office of Diversity and Human Rights
uoguelph.ca/diversity-human-rights
The Office of Diversity and Human Rights (DHR) coordinates, evaluates, and promotes the University’s equity, diversity, and inclusion efforts. DHR develops, manages, and supports educational and outreach initiatives, and promotes the fundamental rights and responsibilities guaranteed under Ontario’s Human Rights Code.

Accessibility
uoguelph.ca/accessibility
We are committed to creating a barrier-free environment with the belief that providing accessible services is a shared responsibility among students, faculty and administrators.

Athletics and Facilities
gryphons.ca
The Guelph Gryphons Athletic Centre is a new state-of-the-art 170,000 sq’ fitness centre. The facility features a suspended running track, varsity basketball and volleyball courts, indoor soccer field, pools, a climbing wall and numerous multipurpose rooms for fitness and recreation.

Office of Research
uoguelph.ca/research
The Office of Research works to enable and create opportunities in support of people and partnerships that advance the quality, preeminence and societal value of U of G research and creative endeavours.

Research Innovation Office
uoguelph.ca/research/innovation/
Turning U of G discoveries into innovative solutions that address today’s complex challenges. They have the connections, resources, and tools to help you create, collaborate and commercialize your research to improve the life for the community, the country and the world!

Library
lib.uoguelph.ca
Our students have access to an extraordinarily wide range of information through the main library’s print and electronic resources and our innovative partnership with both the University of Waterloo and Wilfrid Laurier University.

Stephanie Bryenton (MSc, Family Relations and Human Nutrition) in front of the Indigenous Student Centre at U of G

Grad Pathways
graduatestudies.uoguelph.ca/grad-pathways
Grad Pathways is the hub of academic and professional skills development opportunities for graduate students and postdoctoral fellows. It is administered by the Office of Graduate and Postdoctoral Studies in collaboration with on-campus and off-campus partners.

Indigenous Student Centre (ISC)
uoguelph.ca/studentexperience/isc
The ISC is a place of belonging for First Nations, Inuit and Métis graduate and undergraduate students from across Turtle Island. Together, we celebrate and affirm diverse Indigenous heritage, cultures and world views and strive to nurture a holistic community based on Indigenous kinship models for solidarity and support. Graduate students are encouraged to connect with the Indigenous Student Advisor at indigenous.student@uoguelph.ca to discuss financial, academic, cultural, employment and personal concerns.

Improve life as a graduate student at U of G.
The University of Guelph’s rich and collaborative graduate studies experience is what you can expect from an institution with such a profound legacy of success. Your studies and the knowledge that you create are the primary focus of everyone here. Our support is both academic and cultural and inclusive of all students and faculty. We are competitive but never at the expense of the outcomes you pursue. Graduate studies at U of G is a community. Our shared purpose is to improve life and we start by improving the environment in which you learn and explore.

INTERNATIONAL STUDENT EXPERIENCE
unuoguelph.ca/studentexperience/intlstudent

Immigration and Advising Support:
Helping students navigate the relationship between academics and immigration policies.
One-on-one confidential advising on various concerns including financial, housing, healthcare and insurance, resources for spouses and families, academic and cultural transitions, and advisor-student relationship.
Connecting students with other resources and support available on and off campus.

Transition Support:
Helping students ease with the transition to life in Canada and at the University of Guelph through peer mentorship programs such as the LINK Program and Conversation Partners Program.
Providing skills and capacity building workshops to prepare students for professional career development and life after graduation.
Offering community-building opportunities through social activities and excursions to build a sense of belongingness in Guelph and Canada.

Why Canada? Why Guelph?

#1 in Canada and #12 in the World for Agricultural Science
#2 in Canada and #44 in the World for Plant & Animal Science
#5 in Canada and #99 in the World for the field of Environment/Ecology

Our international students ranked us #1 in Canada for overall learning, living and student support*.

* International Student Barometer
A great university within a great city.

Welcome to Guelph, one of Ontario’s fastest growing, best-run cities. Our 350 hectare, award-winning campus becomes your home when you enroll at the University of Guelph. The local lifestyle is progressive, as is the local economy. With a population of over 133,000, the city boasts urban amenities and yet provides the welcome of a smaller town. There is an extensive transit system to move you around, and the city is a stone’s throw away from other major municipalities like Toronto, Kitchener, Waterloo and Hamilton. The architecture is rich, the legacy is strong, and the community is connected. Alumni agree, the city’s warm embrace and the relationships you generate here will stick with you long after you leave.

City of Guelph Highlights

- Canoeing, hiking trails, rock climbing, and countless parks are all easily accessible
- Guelph is called the “City of Music” thanks to signature music festivals
- There is a vibrant downtown scene
- Canadian and ethnic cuisine options abound

Travelling to Guelph
Go Transit Bus/Train connects Guelph to the Greater Toronto Area and Mississauga. gotransit.com

Getting Around Guelph
Eligible University of Guelph students have unlimited access to the City of Guelph transit system. guelph.ca/living/getting-around/bus

Living in Guelph
Graduate students have a variety of affordable on campus housing options. housing.uoguelph.ca
Off-campus housing and co-operative housing options are also available for graduate students. guelphcampus.coop/housing

Join Us.
For Graduate Studies Preview Day
