

## Economics: MA ECON, MA ECON (with Finance Specialization)

Join a welcoming and collaborative campus community and learn from internationally-recognized researchers in the Master of Arts (MA) in Economics program at the Lang School of Business and Economics. This advanced program will extend your economics and finance knowledge and prepare you for a variety of roles within the public and private sectors, as well as further education at the PhD level. The program offers a finance specialization for students who wish to focus their studies towards finance-based economics.

### Program

Master's students can choose a course-based degree (8 months) or course work plus Major Research Project (MRP) degree (12 months). The MRP is completed in the third semester, supervised by a faculty member. Both specializations (Economic and Finance) will need to take a non-credit preliminary mathematics course as well as the Economic core of advanced microeconomics, macroeconomics and econometrics. Students interested in the finance specialization will need to take additional courses in theoretical and empirical finance.

### Research Field(s)

- Financial Economics

### Admission Requirements

- Undergraduate degree (4-year program or equivalent)
- B+ average in last two years of study
- Background in economic theory and econometrics

### Application Deadline:

February 1, 2021  
Entry: Fall

*"The Masters of Economics is a well-rounded program where you learn and develop both academically and professionally. As a former business student, Guelph's faculty challenged me to expand my skills, while encouraging me to take on course work relevant to my professional interests."* – Erica Alvarez (MA, 2016), Financial Service Representative, CI Financial

### Financial Support

## Economics: PhD

The PhD in Economics program at the Lang School of Business and Economics will prepare you to become an independent and skilled researcher, in preparation for a career in academia, public or private sector. As a student in the program, you will benefit from learning and conducting your own research beside some of the world's most renowned economists and leaders in financial economic theory. Our faculty currently rank in the top 4% of the world for research output in economics, according to Research Papers in Economics (RePEc).

[uoguelph.ca/economics](http://uoguelph.ca/economics)

### Program

The PhD in Economics program consists of six semesters of course work covering PhD-level microeconomics, macroeconomics and econometrics, followed by comprehensive examinations in economic theory. Students will then complete a qualifying research paper. The remainder of the program is devoted to the completion and defense of a full doctoral dissertation.

### Research Fields

- Financial Economics
- Resources, Environment and Energy
- Development and Growth
- Applied Microeconomics
- Econometrics

### Admission Requirements

- A recognized Master's degree in Economics with a minimum A-average (80%)
- Background in economic theory and econometrics

### Application Deadline:

February 1, 2021

Entry: Fall

*"The balance of theoretical and applied economics attracted me to the PhD in Economics program and the collegiality between professors and students has made my research a very enjoyable experience." – Gregory Galay (PhD 2017, Senior Quantitative Economist with the Treasury Board Secretariat of Ontario)*

### Financial Support

We offer financial support for 4 years to both qualified domestic and international students in the form of:

- Graduate teaching assistantships
- Scholarships and fellowships
- Instructor / sessional opportunities
- Research assistantships

Funding is sufficient to cover costs of tuition and living.

### Faculty Expertise

The department has a faculty complement of 27, with teaching and research interests across the entire range of economic and financial analysis. PhD Candidates may write a dissertation in any of the areas of expertise of the graduate faculty in the Department.

### CAREER OPPORTUNITIES:

- Academia - Recent PhD graduates hold faculty positions in Canada at: University of Toronto, University of Waterloo, Carleton University, Ryerson University, St. Mary's University, University of Windsor
- Government
- Consulting
- Statistician or data analyst
