WHAT PATH WILL YOU TAKE?

We offer our gratitude to the lands on which the University of Guelph campuses (Guelph, Ridgetown and Guelph-Humber) are situated and the Indigenous ancestors who have inhabited these lands for centuries. We recognize that our campuses are located on the lands of the Dish with One Spoon Wampum and we offer our respect to the Mississaugas of the Credit, the Delaware Nation at Moraviantown, Six Nations of the Grand River and the diverse communities of First Nations, Inuit and Métis peoples who reside on these lands today.

CONTENTS

3 Admission Information

19 Tuition + Costs

20 For International Applicants

I am delighted that you have taken a moment to explore graduate studies at the University of Guelph. As you will see in these pages, we offer over 100 graduate programs across the University's seven colleges through which you can work with internationally recognized faculty to prepare yourself for academic and professional careers, and, within our thesis-based programs, advance knowledge for the benefit of all.

We appreciate that each of you will come to graduate studies with particular goals in mind, be it advancing knowledge and creative practice for universal benefit, mobilizing knowledge for segments of society that might benefit from it, or acquiring knowledge for your own professional practice. Some of you may simply want to learn something new or to think deeply about a phenomenon for a while. We are prepared to support each of these paths, so long as you are prepared to articulate your goals and pursue them with vigour.

Graduate studies are special. As compared to your undergraduate studies, most graduate programs require you to take ownership of your studies be it in defining a pertinent research question, completing a workshop to add a complementary professional skill to your repertoire, completing an industry internship, or co-authoring an academic paper for Nature or Science. Further, your studies will involve more than textbook learning and lecture halls. Our graduate students commonly work in research labs, complete studio art, guide undergraduate labs or seminars, and undertake field work in sometimes exotic places.

Indeed, this picture was taken by one of my own graduate students on the Monarch Mountain Trail outside Atlin, BC. I was there to set her up for a field season working with the Taku River Tlingit First Nation.

Most of the time, I wear a suit and sit in meetings. Graduate studies can take you away from all that.

Dr. Ben Bradshaw
Assistant Vice-President
(Graduate Studies)

U of G Scholarships and Funding

graduatestudies.uoguelph.ca/current/funding

Each year, the University of Guelph invests millions of dollars into thesis-based graduate students and the research they are pursuing. The University wants to ensure that these students can dedicate themselves to the successful completion of their graduate programs. Funding packages for eligible students are determined within their graduate departments, with some departments routinely committing to \$24,500 per year for three or four years for PhD students and others offering packages closer to the institutional minimum of \$21,000 per year. Packages may be made up of a number of components, such as:

- Graduate Teaching Assistantships (GTAs);
- Graduate Research Assistantships (GRAs)/Graduate Service Assistantships (GSAs); and
- Scholarships (external and/or internal).

Ultimately, the amount of funding secured by graduate students is commonly higher than the amounts committed to in their offers of admission, as there are many opportunities for additional awards, research stipends and employment income.

In 2022/23, graduate students at the University of Guelph secured **\$23.5 million (M)** in scholarships and bursaries, including **\$6.8M** from external agencies.

In addition, the University provided **\$39.3M** to Graduate students in the form of GTAs, GRAs and GSAs, bringing total graduate student support in 2022/23 to **\$62.8M**.

Here are a few scholarships unique to UofG:

Indigenous Graduate Scholarships

Total value varies for each scholarship, for more information go to graduatestudies.uoguelph.ca/current/funding/scholarships/internal

Arrell Graduate Scholarships

Total Value: Master's - \$100,000; Doctoral - \$200,000

Dairy Farmers of Ontario Research Scholarship

Total Value: \$105,000

International Doctoral Scholarships

Total Value: \$50,000

There are over 3100 grad students currently enrolled in 100+ graduate programs.

Looking for an Advisor?

Visit the department website and contact the faculty member(s) you are interested in working with directly. They are interested in knowing more about what research you want to do, why you want to work with them and if you have applied to or received any scholarships.

Our graduate faculty are leading global researchers and scholars who are continually working to improve life. Take a look at our Spotlight on Faculty page to learn more about their work:

graduatestudies.uoguelph.ca/future/faculty

Achieving Your Goals

Graduate studies at the University of Guelph offers the opportunity to study and conduct research across various disciplines. With access to professors and professionals from a variety of programs, a graduate program can be tailored to your specific research interests.

Student-focused

Graduate students will have the opportunity to work closely with faculty members who are committed to the development of their students as future researchers, educators and practitioners.

Chemistry professor, Dr. Leanne Chen with her research group in the Computational Electrochemistry Laboratory

GRAD STUDENT RESOURCES

Improve life as a graduate student at U of G.

The University of Guelph's rich and collaborative graduate studies experience is what you can expect from an institution with such a profound legacy of success. Your studies and the knowledge that you create are the primary focus of everyone here.

Our support is both academic and cultural and inclusive of all students and faculty. We are competitive but never at the expense of the outcomes you pursue. Graduate studies at U of G is a community. Our shared purpose is to improve life and we start by improving the environment in which you learn and explore.

Grad Pathways

graduatestudies.uoguelph.ca/grad-pathways

Grad Pathways is the hub of academic and professional skills development opportunities for graduate students and postdoctoral fellows. It is administered by the Office of Graduate and Postdoctoral Studies in collaboration with on-campus and off-campus partners.

Indigenous Student Centre (ISC)

uoguelph.ca/studentexperience/isc

The ISC is a place of belonging for First Nations, Inuit and Métis graduate and undergraduate students from across Turtle Island. Together, we celebrate and affirm diverse Indigenous heritage, cultures and world views and strive to nurture a holistic community based on Indigenous kinship models for solidarity and support. Graduate students are encouraged to connect with the Indigenous Student Advisor at natasha.young@uoguelph.ca to discuss financial, academic, cultural, employment and personal concerns.

Office of Research

uoguelph.ca/research

The Office of Research works to enable and create opportunities in support of people and partnerships that advance the quality, preeminence and societal value of U of G research and creative endeavours.

Research Innovation Office

uoguelph.ca/research/innovation/

Turning U of G discoveries into innovative solutions that address today's complex challenges. They have the connections, resources, and tools to help you create, collaborate and commercialize your research to improve life for the community, the country and the world!

Library

lib.uoguelph.ca

Our students have access to an extraordinarily wide range of information through the main library's print and electronic resources and our innovative partnership with both the University of Waterloo and Wilfrid Laurier University.

Office of Diversity and Human Rights

uoguelph.ca/diversity-human-rights

The Office of Diversity and Human Rights (DHR) coordinates, evaluates, and promotes the University's equity, diversity, and inclusion efforts. DHR develops, manages, and supports educational and outreach initiatives, and promotes the fundamental rights and responsibilities guaranteed under Ontario's Human Rights Code.

Accessibility

uoguelph.ca/csd

We are committed to creating a barrier-free environment with the belief that providing accessible services is a shared responsibility among students, faculty and administrators.

Athletics and Facilities

gryphons.ca

The Guelph Gryphons Athletic Centre is a new state of the art 170,000 sq' fitness centre. The facility features a suspended running track, varsity basketball and volleyball courts, indoor soccer field, pools, a climbing wall and numerous multipurpose rooms for fitness and recreation.

HOW TO APPLY

graduatestudies.uoguelph.ca/future/applying-guelph

APPLY ONLINE

www.ouac.on.ca/apply/guelphgrad

APPLICATION FEES

\$120 – all programs except MBA & MA Leadership which is \$150

START DATES

January, May, September.
See department websites for details.

APPLICATION DEADLINES

Application deadlines vary by program. See department websites for details. We recommend international applicants apply a minimum of 9-12 months in advance of their start date.

Degree	Previous Degree	Minimum Grade Average ¹
Master	Honours Bachelor	² B-
Doctorate	Master	³ B
Graduate Diploma	Honours Bachelor	² B-

¹ Some departments will require a higher minimum grade average. Please check the specific program web page for application requirements:

graduatestudies.uoguelph.ca/programs/list/byprogram

² 70% or higher from a recognized post-secondary institution over the last two years of full-time equivalent study.

³ 73% or higher from a recognized post-secondary institution in their Master's program. Applicants must also demonstrate a strong potential for research.

⁴ If your first language is not English, you are required to submit the results of a standardized language test. Please see the chart to the right for acceptable tests and required scores.

Have questions? Who to ask:

**Average food cost per year in 2022
for an adult 19-30 years – \$3,829**

**(Canada Food Price
Report, 2023)**

*Including program-specific fees, other University fees, and student organization fees which are \$277 less in the winter semester.

** MFA Creative Writing at Guelph Humber is \$3,241 (domestic) and \$9,308 (international)

***Tuition shown reflects including an international doctoral scholarship for those admitted with a minimum 80% average.

Additional expenses to consider may include travel to (or within) Canada.

International Student Experience

uoguelph.ca/studentexperience/international-student-experience

Immigration and Advising Support:

Helping students navigate the relationship between academics and immigration policies.

One-on-one confidential advising on various concerns including financial, housing, healthcare and insurance, resources for spouses and families, academic and cultural transitions, and advisor-student relationship.

Connecting students with other resources and support available on and off-campus.

Transition Support:

Helping students ease with the transition to life in Canada and at the University of Guelph through peer mentorship programs, advising and support.

Providing skills and capacity building workshops to prepare students for professional career development and life after graduation.

Offering community-building opportunities through social activities and excursions to build a sense of belonging in Guelph and Canada.

“ I chose U of G because it is known as one of the best universities in agricultural research with equipment and facilities which will enable me to accomplish my goals and academic ideas ”

“ What they say is true, Canadians really are nice people! ”

“ I like the fact that Guelph is a livable city with a small town community feel. Also, Toronto is just an hour-bus-drive away! ”

#1 in Canada and #12 in the World
for Agricultural Science

#2 in Canada and #44 in the World
for Plant & Animal Science

#5 in Canada and #99 in the World
for the field of Environment/Ecology

Our international students ranked us #1
in Canada for overall learning, living and
student support*

A Great University Within a Great City.

Welcome to Guelph, one of Ontario's fastest growing, best-run cities. Our 350 hectare, award-winning campus becomes your home when you enroll at the University of Guelph. The local lifestyle is progressive, as is the local economy. With a population of over 133,000, the city boasts urban amenities and yet provides the welcome of a smaller town. There is an extensive *transit system* to move you around, and the city is a stone's throw away from other major municipalities like Toronto, Kitchener, Waterloo and Hamilton. The architecture is rich, the legacy is strong, and the community is connected. Our alumni agree, the city's warm embrace and the relationships you generate here will stick with you long after you leave.

Campus Tours

Learn more about what the University of Guelph has to offer by visiting our campus! Reserve your spot at [uoguel.ph/tours](https://uoguelph.com/tours)

- Monday to Friday at 10 am & 1:30 pm
- Saturday at 1:30 pm

Can't make it to campus? We can show you around virtually. Book a live virtual tour experience here and join us on Zoom: [uoguel.ph/virtualtour](https://uoguelph.com/virtualtour)
