

Master of Business Administration: MBA

The Lang MBA is a program designed for experienced business leaders who wish to advance their careers even further. After mastering the fundamentals of business, you will specialize in the areas most relevant to your career. Our goal is to enhance your leadership and management skills so that you can use them today, and for the rest of your career.

Program

We believe education shouldn't be offered in a one-dimensional setting. That is why we combine online learning with brief, intensive, and interactive on-site residential periods, allowing you to learn and complete course content around your busy life.

We also provide two unique ways of completing your MBA degree, either through a major research project OR two additional elective courses. This allows you to tailor your program to meet your needs.

Sustainable Commerce

Students gain advanced business and leadership skills with a strong focus on sustainability and responsible management. Our MBA can be further specialized with courses offered in the areas of sustainable commerce; sustainable food; or sustainable service.

Admission Requirements

- four-year undergraduate degree from a recognized university with an average of at least B- in your last two years of full-time study, and
- three years (minimum) of work experience in a related field with supervisory and managerial responsibility, OR
- three years (minimum) of work experience in a related field.

"The residential aspect of the MBA program was a vital component in the overall learning experience. Meeting everyone face to face is a critical foundation to the group work in the program. When at the residential periods, you really go deep in your connections and in the sharing and bonding between cohort members."

– Gayleen Gray, Assistant Vice President & Chief Technology Officer at McMaster University

Alternate Requirements

- three-year degree, diploma and/or an acceptable professional designation, and
- five years (minimum) of work experience in a related field showing progressive levels of responsibility including supervisory and managerial responsibility.

A GMAT is not required.

Executive Programs: MA (Leadership)

Lang's MA in Leadership program is a life and career changing experience that will enhance your leadership competencies, transforming you into the leader you want to be. There is no single method to becoming an effective leader. Let us help you reach your leadership potential.

uoguelph.ca/executiveprograms/

Program

The majority of the program is offered online, allowing you to complete your course work around your busy schedule. This online learning is enhanced even further with brief and intensive on-campus residential periods in Guelph, Ontario, allowing you to collaborate, interact and network with your peers and faculty. You will gain the knowledge and skills to be able to tackle leadership challenges facing your own organization.

The majority of your course work will see you collaborating with peers from a diverse range of industries, such as:

- Private/For-Profit
- Health care/Education
- Not-for-profit
- Policing and military

Admission Requirements

- four-year undergraduate degree from a recognized university, and
- B- average in your last two years of full-time study, and
- three years (minimum) of work experience in a related field

Application Deadline:

November 1, 2024
Entry: May 2025

"The MA in Leadership experience gave me the confidence to make change happen both personally and professionally. I have always been an advocate for the environment and wanted to focus more of my political energy as a Guelph City Councillor on bringing forward better policies and encouraging more community engagement in decision making."

– Leanne Piper, City Councillor, City of Guelph & Manager, Residence Admissions and Marketing, University of Guelph

Alternate Requirements

- three-year degree, diploma and/ or an acceptable professional designation, and
- five years (minimum) of work experience in a related field showing progressive levels of responsibility.

A GMAT is not required.
