We offer our gratitude to the lands on which the University of Guelph campuses (Guelph, Ridgetown and Guelph-Humber) are situated and the Indigenous ancestors who have inhabited these lands for centuries. We recognize that our campuses are located on the lands of the Dish with One Spoon Wampum and we offer our respect to the Mississaugas of the Credit, the Delaware Nation at Moraviantown, Six Nations of the Grand River and the diverse communities of First Nations, Inuit and Métis peoples who reside on these lands today.

## WHAT PATH WILL YOU TAKE?

I am delighted that you have taken a moment to explore graduate studies at the University of Guelph. As you will see in these pages, we offer over 100 graduate programs across the University's eight colleges through which you can work with internationally recognized faculty to prepare yourself for academic and professional careers, and, within our thesis-based programs, advance knowledge for the benefit of all.

We appreciate that each of you will come to graduate studies with particular goals in mind, be it advancing knowledge and creative practice for universal benefit, mobilizing knowledge for segments of society that might benefit from it, or acquiring knowledge for your own professional practice. Some of you may simply want to learn something new or to think deeply about a phenomenon for a while. We are prepared to support each of these paths, so long as you are prepared to articulate your goals and pursue them with vigour.

Graduate studies are special. As compared to your undergraduate studies, most graduate programs require you to take ownership of your studies be it in defining a pertinent research question, completing a workshop to add a complementary professional skill to your repertoire, completing an industry internship, or co-authoring an academic paper for Nature or Science. Further, your studies will involve more than textbook learning and lecture halls. Our graduate students commonly work in research labs, complete studio art, guide undergraduate labs or seminars, and undertake field work in sometimes exotic places.

Indeed, this picture was taken by one of my own graduate students on the Monarch Mountain Trail outside Atlin, BC. I was there to set her up for a field season working with the Taku River Tlingit First Nation.

Most of the time, I wear a suit and sit in meetings. Graduate studies can take you away from all that.

Dr. Ben Bradshaw  
Assistant Vice-President  
(Graduate Studies)

## UofG Scholarships and Funding

[graduatestudies.uoguelph.ca/current/funding](https://graduatestudies.uoguelph.ca/current/funding)

Each year, the University of Guelph invests millions of dollars into thesis-based graduate students and the research they are pursuing. The University wants to ensure that these students can dedicate themselves to the successful completion of their graduate programs. Funding packages for eligible students are determined within their graduate departments, with some departments routinely committing \$24+ per year for four years. Packages may be made up of a number of components, such as:

- Graduate Teaching Assistantships (GTAs);
- Graduate Research Assistantships (GRAs)/Graduate Service Assistantships (GSAs); and
- Scholarships (external and/or internal).

Ultimately, the amount of funding secured by graduate students is commonly higher than the amounts committed to in their offers of admission, as there are many opportunities for additional awards, research stipends and employment income.

**There are over 3,100 grad students currently enrolled in 100+ graduate programs.**

**In 2024/25, graduate students at the University of Guelph secured \$21.8 million (M) in scholarships and bursaries, including \$8.7M from external agencies.**

**In addition, the University provided \$40M to Graduate students in the form of GTAs, GRAs and GSAs, bringing total graduate student support in 2024/25 to \$61.8M.**

Here are a few scholarships unique to UofG:

### Indigenous Graduate Scholarships

Total value varies for each scholarship, for more information go to [graduatestudies.uoguelph.ca/current/funding/scholarships/internal](https://graduatestudies.uoguelph.ca/current/funding/scholarships/internal)

### Brock Doctoral Scholarship:

Total Value: \$150,000

### Nora Cebotarev Memorial Graduate Scholarship

Total Value: \$25,000

### International Doctoral Scholarships

Total Value: \$50,000

### Braithwaite Conference Travel Grant

Various awards of up to \$5,000

## Looking for an Advisor?

Visit the department website and contact the faculty member(s) you are interested in working with directly. They are interested in knowing more about what research you want to do, why you want to work with them and if you have applied to or received any scholarships.

Our graduate faculty are leading global researchers and scholars who are continually working to improve life. Take a look at our Spotlight on Faculty page to learn more about their work:

[graduatestudies.uoguelph.ca/future/faculty](https://graduatestudies.uoguelph.ca/future/faculty)

## Achieving Your Goals

Graduate studies at the University of Guelph offers the opportunity to study and conduct research across various disciplines. With access to professors and professionals from a variety of programs, a graduate program can be tailored to your specific research interests.

## Student-focused

Graduate students will have the opportunity to work closely with faculty members who are committed to the development of their students as future researchers, educators and practitioners.

Julia Billings, MSc Engineering grad student with one of her advisors, Dr. John R. Donald.

“His guidance has been especially helpful in structuring my methodology, from developing interview protocols to conducting thematic analysis. He encourages independent thinking while offering constructive feedback, allowing me to develop confidence as a researcher.”

## GRAD STUDENT RESOURCES

### Improve life as a graduate student at U of G.

Graduate studies at U of G is a community. Our shared purpose is to improve life and we start by improving the environment in which you learn and explore. On this page you will find resources to support you on your journey as a grad student.

### UofG Services

[uoguelph.ca/services](http://uoguelph.ca/services)

A wide variety of services and tools are available across the University of Guelph's campuses to assist students, faculty, and staff with teaching, learning, housing, health, and other concerns.

### Grad Pathways

[graduatestudies.uoguelph.ca/grad-pathways](http://graduatestudies.uoguelph.ca/grad-pathways)

Grad Pathways is the hub of academic and professional skills development opportunities for graduate students and postdoctoral fellows. It is administered by the Office of Graduate and Postdoctoral Studies in collaboration with on-campus and off-campus partners.

### Office of Research

[uoguelph.ca/research](http://uoguelph.ca/research)

The Office of Research works to enable and create opportunities in support of people and partnerships that advance the quality, preeminence and societal value of U of G research and creative endeavours.

### Research Innovation Office

[uoguelph.ca/research/innovation/](http://uoguelph.ca/research/innovation/)

Turning U of G discoveries into innovative solutions that address today's complex challenges. They have the connections, resources, and tools to help you create, collaborate and commercialize your research to improve life for the community, the country and the world!

### Athletics and Facilities

[gryphons.ca](http://gryphons.ca)

The Guelph Gryphons Athletic Centre is a new state of the art facility. The facility features a running track, basketball and volleyball courts, indoor soccer field, pools, a climbing wall and numerous multipurpose rooms. A private fitness space features grad/staff only times.

### Office of Diversity and Human Rights

[uoguelph.ca/diversity-human-rights](http://uoguelph.ca/diversity-human-rights)

The Office of Diversity and Human Rights (DHR) coordinates, evaluates, and promotes the University's equity, diversity, and inclusion efforts. DHR develops, manages, and supports educational and outreach initiatives, and promotes the fundamental rights and responsibilities guaranteed under Ontario's Human Rights Code.

### Accessibility

[uoguelph.ca/csd](http://uoguelph.ca/csd)

We are committed to creating a barrier-free environment with the belief that providing accessible services is a shared responsibility among students, faculty and administrators.

### Indigenous Student Centre (ISC)

[uoguelph.ca/studentexperience/isc](http://uoguelph.ca/studentexperience/isc)

The *Indigenous Student Centre (ISC)* is the home away from home for First Nations, Inuit, and Métis graduate and undergraduate students. The ISC provides a culturally supportive environment that promotes academic excellence and the intellectual, spiritual, emotional and physical development of all Indigenous students. Graduate students are encouraged to connect with the Indigenous Student Advisor at [indigenous.student@uoguelph.ca](mailto:indigenous.student@uoguelph.ca) to get connected with community or discuss financial, academic, research, cultural and personal concerns.

The University of Guelph is committed to working towards decolonization and reconciliation with First Nations, Inuit, and Métis peoples, communities and lands. We encourage you to review [Bi-Naagwad | the Indigenous Initiatives Strategy report](#).

## GRAD STUDENT RESOURCES

### McLaughlin Library

[lib.uoguelph.ca](http://lib.uoguelph.ca)

The library is here to support you every step of the way on your graduate studies journey. As a U of G student, you have access to millions of academic resources via Omni, the library's online catalogue. But the library's much more than a place to access resources and study, it's also a place where you'll find valuable support as you navigate your way through your graduate program.

Visit the library in-person, or online, to book appointments and get academic and research support on topics including:

- Writing – receive feedback on your writing at all stages of the writing process; learn strategies for organizing your ideas and structuring your thesis or dissertation; and to get advice on your clarity, cohesion, and style.
- English Language Support – if English isn't your dominant language, get support with reading, writing, listening, pronunciation, and communication.
- Research assistance – learn to identify and narrow your topic; advanced skills; and get started on a literature review, scoping review, systematic review, or other knowledge synthesis; and how to use citation manager Zotero.
- Working with data and navigating the whole research data lifecycle.
- Studying, time management, and presentation skills.
- Scholarship, Publishing, and Author Support – when you're ready to publish, get help navigating author rights, copyright, intellectual property, sharing and publishing your research, preserving your research, and more.
- Archival & Special Collections – meet with a specialist to discuss your project or research.

In addition to appointments, the library hosts graduate-specific workshops and programs to support you on your journey at U of G. Visit [the library's website](#) to learn more about all the supports, services, spaces, and resources you have access to.

## SUPPORT FOR INTERNATIONAL STUDENTS

### International Student Support

[uoguelph.ca/studentexperience/new-intl-students/](http://uoguelph.ca/studentexperience/new-intl-students/)

### Pre-Arrival Support

Student Experience supports students with your transition to life at U of G. Once you receive an offer of admission, you will be connected with either the Global Pre-Arrival Support Advisor or the International Student Advisors, based on your program. They will provide you with pre-arrival immigration and transition support leading up to your first semester. Learn more about supports and services for new international students at [uoguelph.ca/newintl](http://uoguelph.ca/newintl).

### International Student Advising

The International Student Advisors (ISAs) provide advising and immigration support for all international students throughout their time at U of G and in Canada, helping students navigate the relationship between academics and immigration policies. Common topics of conversation include financial difficulties, housing, and academic concerns, Immigration (study permit, visa, post-graduate work permit, etc.), and cultural adjustment. ISAs can also help you get involved on campus, connect you with other students, and talk through any personal concerns. Regardless of the nature of your visit, our advisors are always happy to see you and to provide guidance and support as needed.

### START International

START International is a free orientation program for new international students, new permanent residents to Canada, new exchange students, and out-of-country Canadians. The program will introduce you to other students, the campus environment, the resources available to aid in your social and academic transition, and what you can expect from your University of Guelph experience!

*International Student Barometer*

“ I chose U of G because it is known as one of the best universities in agricultural research with equipment and facilities which will enable me to accomplish my goals and academic ideas. ”

“ What they say is true, Canadians really are nice people! ”

“ I like the fact that Guelph is a livable city with a small town community feel. Also, Toronto is just an hour-bus-drive away! ”

## A Great University Within a Great City.

Welcome to Guelph, one of Ontario’s fastest growing, best-run cities. Our 350 hectare, award-winning campus becomes your home when you enroll at the University of Guelph. The local lifestyle is progressive, as is the local economy. With a population of over 133,000, the city boasts urban amenities and yet provides the welcome of a smaller town. There is an extensive *transit system* to move you around, and the city is a stone’s throw away from other major municipalities like Toronto, Kitchener, Waterloo and Hamilton.

The architecture is rich, the legacy is strong, and the community is connected. Our alumni agree, the city’s warm embrace and the relationships you generate here will stick with you long after you leave.
