

# Economics: PhD

The PhD in Economics program at the Lang School of Business and Economics will prepare you to become an independent and skilled researcher, in preparation for a career in academia, public or private sector. As a student in the program, you will benefit from learning and conducting your own research beside some of the world's most renowned economists and leaders in financial economic theory. Our faculty currently rank in the top 4% of the world for research output in economics, according to Research Papers in Economics (RePEc).
