

GRADUATE STUDENTS' ASSOCIATION/UNIVERSITY GRADUATE STUDENT COMPASSIONATE BURSARY FUND

The Graduate Student's Association (GSA) has arranged for all graduate students to donate \$3.04 per semester to a trust fund that can contribute to the costs students may have as a result of unexpected emergency/compassionate circumstances. The University of Guelph matches the student contributions to the fund each semester. The fund normally provides up to \$2,000 for expenses that are incurred due to extenuating circumstances. Typical examples include: travel expenses due to a death or illness of an immediate family member (spouse/commonlaw partner/child/parent/sibling); travel to arrange a permanent change in parental obligations, including adoption; emergency living costs during family breakdown/dissolution; emergency food, living and/or school supplies required as a result of a delay in external agency support; emergency surgery for self or immediate family member (spouse/child); uninsured loss due to fire, theft, or accident. Students are encouraged to apply with any emergency situation.

Any registered student may contact a Graduate Scholarships Officer in the Office of Graduate and Postdoctoral Studies (OGPS), prior to making an application for support. The Graduate Scholarships Officer will assist students in finding any other possible sources of support as well as making an initial determination of the amount of support available from this fund. The student may be asked to fill out a Student Needs Assessment form to assist in this determination but it will be required in a request for emergency food money. Documents supporting the application, such as police reports, medical notes or proof of circumstance, should also be submitted.

The Director OGPS has the authority to allocate funds from the Bursary Fund but may ask the Management Committee for assistance when applicable. Similarly, a student may appeal to the Management Committee if they are unsatisfied with the Director's decision. The Management Committee consists of the GSA Vice-President of Finance, the International Student Advisor, the Associate Registrar of Student Financial Services and the Director of the Office of Graduate Studies.
